Vaccine Exclusion Day

Shots are required by law for children in attendance at public and private schools, preschools, child care facilities, and Head Start programs in Oregon. Nearly every place that provides care for a child outside the home requires shots or a medical or nonmedical exemption to stay enrolled. If your child is not up to date on their vaccines, they will be excluded from school as of April 20, 2022.

Student Fees

For the 2021-22 school year, all students will be charged a \$20.00 student body fee. This fee will help to cover the use and replacement of academic materials, supplies, and equipment. Payments can be made with cash or check or online at schoolpay.com
